②Attorney for customs procedures(ACP), Tax representative (Support overseas customers who deal with DDP business or operate own EC site to sell in Japan)

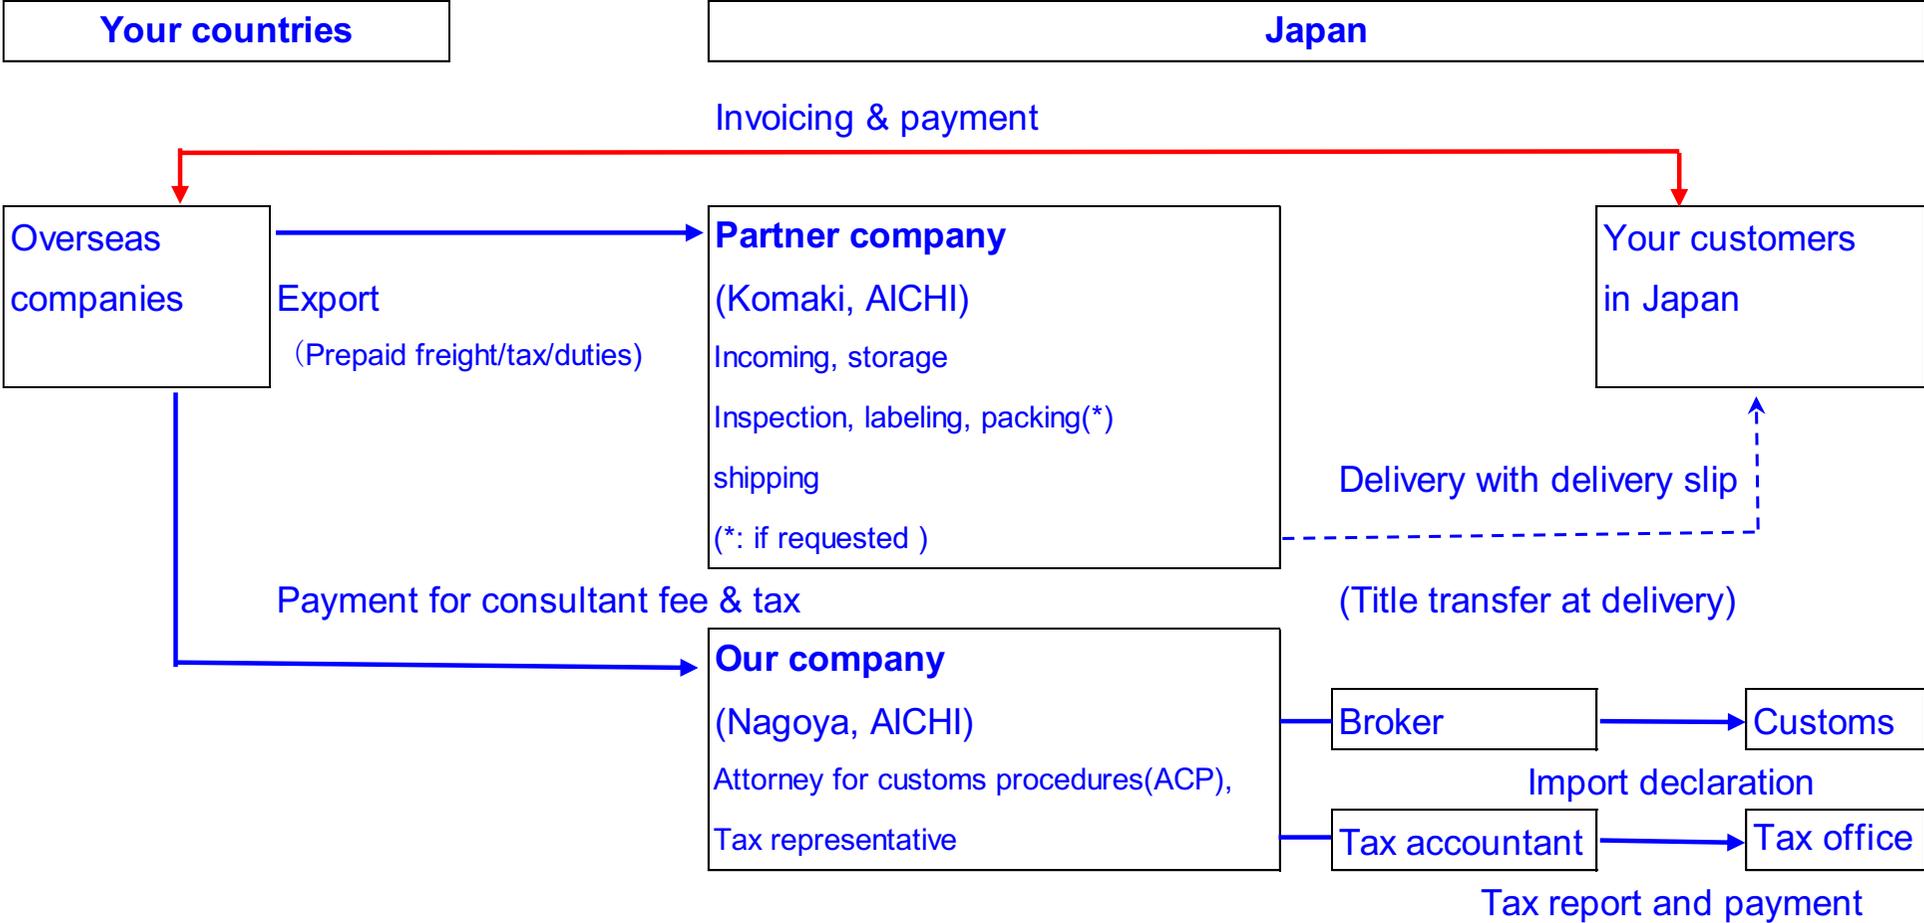

Attorney for Customs Procedures(ACP) is legally required to nominate if foreign company itself import to Japan for the purpose of appropriate import declaration & tax payment. ACP undertakes import declaration to customs, handling customs inspection when foreign company itself import and perform adequate coordination with forwarder, customs broker on your behalf.

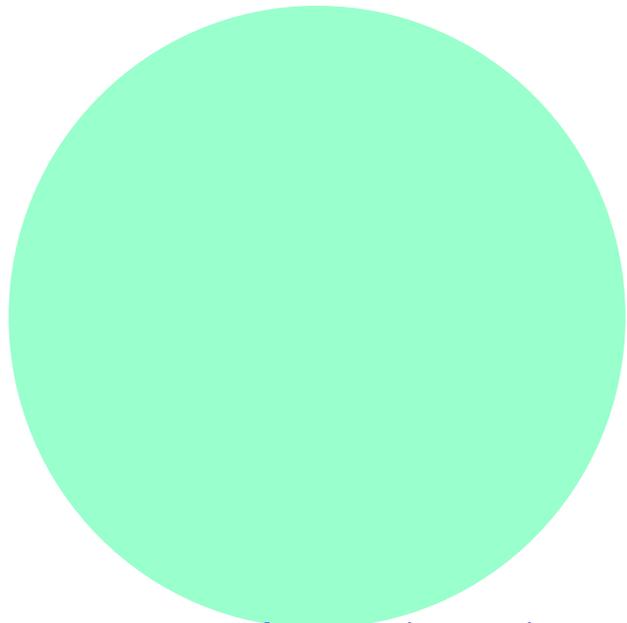

Consumption tax representative is legally required to nominate when foreign company submits consumption tax report to tax office per each year.

Consumption tax representative perform consumption tax report on your behalf. In this case, consumption tax paid to customs upfront at import can be counted as advanced tax payment, thus nominating ACP and tax representative to the same company will reduce a lot of your work load of tax treatment.

In addition, you may assign storage, inspection, customer return to us as one stop entrustment, contributing to reduction of your administrative procedures.
